We begin real growth when we stop trying to "fix" our lives – when we learn to accept that we need God to teach and direct us.

Walking by Faith - Lessons Learned in the Dark

She lost her eyesight as a teen, but gained something much more valuable ... spiritual insight. With wit and wisdom, the author relates some of the challenges in her life—from learning to apply make-up to changing a diaper. Yet she speaks not as one who has overcome great hurdles, but as one who —like all of us — faces them every day.

Created especially for women, this interactive Bible study promises to be an eye-opening experience. Designed for seven weekly sessions—including an introductory meeting—and features six weeks of interactive material for daily personal study.

Soup De Jour
